#### **Item 6. Contracts, Arrangements, Understandings or Relationships With Respect to Securities of the Issuer.**

The responses to Items 3, 4 and 5 are incorporated herein by reference.

##### Stockholders Agreement

The Stockholders Agreement provides that the Board consists of up to 14 members, with up to five directors appointed by THL, up to three directors appointed by Bain Capital, up to one director appointed by Providence, one director who will at all times be the Chief Executive Officer, currently Bronfman, and the other directors to be chosen unanimously by the vote of the Board. The agreement regarding the appointment of directors will remain in place until the earlier of a "change in control" or the last date permitted by applicable law, including any requirements of the New York Stock Exchange (the "NYSE"). In addition, within a year of the Company ceasing to be a "controlled company" under the NYSE rules, the size and composition of the Board will be adjusted to comply with the NYSE requirements. Each Investor Group director designee(s) may only be removed by the Investor Group that appointed such designee(s). The Stockholders Agreement contemplates that the Board will have an executive committee, an audit committee and a compensation committee and, at its discretion, a governance committee.

The Stockholders Agreement prohibits the parties from transferring stock to any of the Company's competitors without the approval of the entire Board and the approval of the largest member of the Investor Group (determined by each member of the Investor Group's relative investments in the Company) and one other member of the Investor Group (together, the "Requisite Stockholder Majority"). The Stockholders Agreement also provides that each party to the Stockholders Agreement whose sale of shares pursuant to Rule 144 under the 1933 Act would be subject to aggregation with another stockholder shall notify all such stockholders when it has commenced a measurement period for purposes of the group volume limit in connection with a sale of shares under Rule 144 and what the volume limit for the measurement period, determined as of its commencement, will be. Each stockholder that is subject to such aggregation will have the right to sell shares that are subject to the group volume limit under Rule 144 pro rata during the applicable measurement period based on its percentage ownership of the shares that are held by all of the parties to the Stockholders Agreement at the start of the measurement period. These transfer restrictions will expire upon a change of control.

The Requisite Stockholder Majority has the right to require all other parties to the Stockholders Agreement to sell the same percentage of their stock to a buyer in a change of control transaction approved by a majority of the entire Board as is being sold to such buyer by the membership of the Requisite Stockholder Majority. A member of the Investor Group (or any affiliate thereof) that is also part of the Requisite Stockholder Majority exercising the foregoing right will not be able to be a buyer in such a change of control transaction unless the transaction is approved by each of the other groups.

The Stockholders Agreement provides that if one of the Company's stockholders that is party to the Stockholders Agreement offers to sell any of its stock to a prospective buyer in a private transaction, the other

stockholders party to the Stockholders Agreement will have the right to sell their shares to that prospective buyer, subject to certain cutbacks, including a pro rata cutback in which the stockholder may only sell a pro rata portion of its shares.

The Stockholders Agreement gives any member of the Investor Group the right to require the Company to register (including by means of a shelf registration statement permitting sales of shares from time to time over an extended period) the stock held by such stockholders for sale to the public under the 1933 Act, subject to certain limitations. In connection with each underwritten public offering, the Company's stockholders will be required to enter into a lockup agreement covering a period of no greater than 90 days. The Stockholders Agreement also provides that if the Company registers shares of the stock for sale to the public, parties to the Stockholders Agreement will have the right to have their shares included in any such registration statement. Any registration is subject to a potential underwriters' cutback in the number of shares to be registered if the underwriters determine that marketing factors require a limitation on the number of shares to be underwritten.

#### Equity Grants

As contemplated by Bronfman's amended and restated employment agreement with WMG Acquisition, on March 15, 2008 the Company granted Bronfman 2,750,000 stock options and 2,750,000 performance-based restricted shares pursuant to a stock option agreement and a restricted stock award agreement, each dated as of March 15, 2008. The equity grants were made under the Company's Amended and Restated 2005 Omnibus Award Plan (the "Plan"). The exercise price of the options is \$5.29 per share, which was the closing price of the Common Stock on March 14, 2008, the last trading date prior to the grant date. The options generally vest and become exercisable 20% a year over five years, with the first 550,000 options vesting and becoming exercisable on March 14, 2009 (subject to continued employment). The options have a term of ten years.

The shares of restricted stock generally vest based on a double trigger that includes achievement of both service and performance criteria (each, subject to continued employment through the applicable vesting dates). Prior to vesting, the restricted shares may not be transferred or encumbered by Bronfman. Dividends paid with respect to unvested restricted shares would be withheld by the Company and would be paid to Bronfman, without interest, upon the earliest to occur of March 15, 2013 or the first anniversary of Bronfman's separation from service (within the meaning of Section 409A of the Internal Revenue Code) for any reason, in each case, only with respect to restricted shares that have vested on or prior to such date. The time vesting criteria for the restricted shares are the same as for the stock options — 20% a year over five years. The performance vesting criteria for the restricted shares are as follows:

- 650,000 shares, upon the Company achieving an average closing stock price of at least \$10.00 per Share over 60 consecutive trading days;
- 650,000 shares, upon the Company achieving an average closing stock price of at least \$13.00 per Share over 60 consecutive trading days;
- 650,000 shares, upon the Company achieving an average closing stock price of at least \$17.00 per Share over 60 consecutive trading days; and
- 800,000 shares, upon the Company achieving an average closing stock price of at least \$20.00 per Share over 60 consecutive trading days.

The stock option agreement and restricted stock award agreement each provide for up to 12 months' additional vesting in the case of a termination of employment due to "disability," as defined in the agreements, or death. Additionally, in the event of an involuntary termination of employment without "cause" or a voluntary termination for "good reason," each as defined in the agreements (or, under certain limited circumstances as further described in the stock option agreement and restricted stock award agreement, any termination of employment other than for "cause"), that occurs on or after, or in anticipation of, a "change in control" of the Company as defined in the Plan, the stock option agreement provides for the options to become fully vested and exercisable and the restricted stock award agreement provides for the time vesting condition attributable to the restricted shares to be deemed fully satisfied. Additionally, with respect to the restricted shares, if the "fair market value" of the Common Stock as defined in the Plan as of the date of any "change in control" (or, if greater, the per share consideration paid

in connection with such “change in control”) exceeds the per share dollar threshold amount of any of the performance conditions described above (without regard to the number of consecutive trading days for which the average closing price was achieved) then such performance condition would be deemed to have been achieved as of the date of such “change in control,” to the extent not previously achieved.

The summaries of the Stockholders Agreement, stock option agreement and restricted stock award agreement contained in this Item 6 are qualified in their entirety by reference to the Stockholders Agreement, stock option agreement and restricted stock award agreement, each of which is filed as exhibit hereto and incorporated by reference herein.
